

\$\$ Dying for Revenue \$\$

Rally June 15, 2010 at 4pm

The Governor released his revised budget and he is threatening to eliminate entire programs such as CalWORK', Subsidized Child Care and cuts IHSS, SSI, Medi-Cal, education and many more. While the Governor cuts programs for the neediest Californians he is giving his corporate friends Tax Breaks at the expense of California's seniors, children, disabled and students. The Governor speaks about morality but where is the morality in this budget.

Please stand with the community on **Tuesday, June 15, 2010 at 4pm** to tell the Governor that a budget with no revenue is the not the solutions. That corporations and oil companies need to pay their fair share.

The rally will be a Die-In so please wear black shirts if possible.
